WE'RE MORE THAN A GYM. WE'RE A CAUSE.

Three children die every day as a result of drowning. For children ages 5-14, drowning is the second leading cause of death. At the YMCA, we believe that learning to be safe around water is not a luxury but a life saving necessity.

In our mission to serve all, the YMCA of the East Valley is committed to offering the Safety Around Water (SAW) Program free of charge. Last year, the Y bussed over 28 elementary school 2nd graders to the Y for our Safety Around Water program. Bussing kids in for these lessons as part of their school day ensures that no child slips through the cracks. "Many children do not get swimming instruction from professionals, so the strategies that they learn are invaluable," says Jennifer, a 2nd grader teacher whose students participate in SAW.

"Liam learned so much from taking the SAW class. He can get in and out of the pool, float, and learned some swimming techniques," says Gema, Liam's mom.

Over 2,000 students were taught life saving water skills in our Safety Around Water Program.

YMCA OF THE EAST VALLEY
2025 ANNUAL GIVING CAMPAIGN

SHAPING BRIGHTER FUTURES.

After relocating to the US, Lisa needed to enroll her daughter Melissa in a convenient, reliable daycare that served as a foundation for her growth and integration into a new community. The Y Afterschool program at Melissa's school provided a secure environment for her to learn, play, and build meaningful connections. This dependable care not only allowed both parents to secure stable work and pursue studies, but also gave them the confidence that Melissa was in safe hands.

Thanks to the financial assistance from donors, Lisa was relieved knowing that Melissa was in a caring and stimulating environment. The support received also allowed Melissa to participate in other programs, such as dance classes and day camp (when school is out), fostering her social skills and helping her make friends.

"I want to express my deepest gratitude for the steadfast commitment to the well-being of families like ours. The positive impact on Melissa's growth and our family dynamics has been immeasurable. Thank you for establishing a sanctuary for families, a place where dreams are cultivated and futures are shaped," shared Lisa.
